# GERMANS SIGN PROTOCOL AND RATIFY PEACE TREATY

## UNITED STATES THE ONLY GREAT POWER NOT INCLUDED

### SAN MIGUEL EMITS FIRE AND SMOKE

New Volcano Still Active And Lava and Poisoned Water Are Spreading.

#### GASSES KILL INHABITANTS

Volcanic Dust Floats Twenty Miles and Many Villages Are Destroyed.

(By Associated Press.)

Mexico City, January 10. — Flames are still being emitted by the new volcano at San Miguel, in the western part of the state of Vera Cruz, according to advices received here last night.

It is stated volcanic dust has floated as far as 20 miles east of the new crater, and that every village in that vicinity has been destroyed, while lava and floods of contaminated water from sources opened by the recent earthquake are flooding the district near the crater.

Refugees confirm earlier reports telling of numerous deaths from falling buildings and poisonous gasses around San Miguel.

### PROFESSOR "X" IS IDENTIFIED DR. J. L. BRAND

Son Walks Into Room as Amnesia Victim Poses For His Picture.

(By Associated Press.)

Philadelphia, Pa., January 10.—The mysterious amnesia victim cared for by a minister in Lambertville, N. J., and known as "Prof. X" was identified today as Dr. John L. Brand, age 64, of Worcester, Mass., who disappeared in March, 1917.

His son, Lieutenant Commander Chas. Brand, of the Philadelphia Navy yard walked into the front parlor as Prof. X was posing for his photograph today. The doctor could not recognize his son, however.

### VICTOR BERGER DENIED SEAT

(By Associated Press.) Washington, January 10. — Victor Berger, Socialist re-elected from Milwaukee, was denied a seat in the House today for the second time.

The vote on Berger was 328 to 6 and was on a resolution by Chairman Dallinger, of the Elections Committee which was offered when Berger appeared and asked to be sworn.

Berger was denied a personal hearing and there was only brief discussion.

Those voting to seat him included Representative Sherwood, democrat, of Ohio.

Germany Now At Peace With Virtually All Nations Except America.

#### TREATY TERMS IN EFFECT

Imposing Ceremonies Occur In Famous Clock Room Of French Ministry.

Signing Occurs Late Saturday Afternoon.

Trade Relations With America Under Way.

(By Associated Press.)

Paris, January 10. — The treaty of Versailles, making peace between Germany and the ratifying allied powers, was put into effect at 4:15 o'clock this afternoon by the exchange of ratifications.

The entire ceremony which took place in the clock hall at the French foreign ministry, was completed by 4:16 o'clock.

Previously Baron Kurt von Lersner, head of the German mission, signed the protocol of November 1st, providing for preparation for the sinking of the German warships at Scapa Flow and to insure the carrying out of the armistice terms. The signing of this document occurred in the office of the minister of foreign affairs.

The delegates first assembled in the private office of the minister of foreign affairs were at a secret session. The protocol was signed at 4:09 o'clock.

Led by Clemenceau, the delegates then filed into the famous clock room where were held the plenary sessions of the peace conference. Baron von Lersner and Herr von Simson were the last to enter the room and the first to sign the exchange of ratifications.

### REPORT SAYS 700 GO DOWN

(By Associated Press.) London, January 10.—An Exchange Telegraph dispatch from Genoa today says the Italian steamer Principessa Mafalda is reported to have struck a mine and sunk with the loss of 700 lives.

### STRIKE SERIOUS POLITICAL MOVE

(By Associated Press.) Berlin, Friday, January 9.—The situation created by the railroad strike became worse yesterday, especially in the Ruhr district.

The committee of social democratic railway men here charge the communists with responsibility for the strike, alleging while it is ostensibly an economic movement it is, in reality, a political movement intended to accomplish the introduction of an industrial council system on the communist plan.

### OVERTHROW NEW REGIME IN GERMANY

Such is Report Coming From Travelers Reaching Brussels

#### NOT TAKEN SERIOUSLY

Socialists Reported to Have Risen and Called General Strike.

(By Associated Press.)

Brussels, January 10.—Travelers from Germany reaching here today brought unconfirmed reports that the German government has been overthrown. It was reported that Socialists were masters of the situation and that a general strike had been declared throughout the territory not under allied occupation.

The Brussels report of a German government overthrow are not confirmed from any other source. If it should prove true that there has been a new uprising it would appear to have been deliberately timed to coincide with the exchange of ratifications of the peace treaty today in Paris. News dispatches from Germany are ordinarily at least 24 hours in reaching this country.

### NO INDICATION FROM BERLIN

(By Associated Press.)

London, January 10.—In connection with the unconfirmed reports from Brussels of a German government overthrow, messages from Berlin by way of Copenhagen, received this morning, did not indicate anything of an extraordinary nature had been foreseen in Germany up to late last evening.

### RENEW REQUEST FOR PUNISHMENT

(By Associated Press.)

Washington, January 10.—Further investigation of the killing of James Wallace, an American, near Tampico, November 26, has resulted in the State Department instructing the American Embassy at Mexico City to renew its request that the Mexican government take energetic measures to punish the guilty.

Wallace was shot by a Mexican soldier after his mule shied at a machine gun the soldier was guarding.

### CHILlicoTHE GETS ANOTHER

(By Associated Press.)

Chillicothe, O., January 10. — The Horton Pottery Company was incorporated here today with a capital stock of \$60,000. Christopher and Charles M. Horton are named among the incorporators.

### SAILS TO SIGN CONTRACTS FOR GREAT INTERNATIONAL COMMERCE STRUCTURE

Irving T. Bush and Mrs. Bush photographed on board the "Mauretania."

Irving T. Bush, head of the Bush Terminal Company and associated companies, recently sailed for England with Mrs. Bush on board the "Mauretania." He will sign building contracts for the mammoth international commerce building to be erected in London.

### VIRTUALLY ALL WORLD AT PEACE EXCEPT AMERICA

(By Associated Press.) New York, January 10.—Peaceful relations between Germany and the greater number of the nations engaged in the war with her are established by the action at Paris today.

The treaty now goes into effect as between Germany and those powers that have finally ratified it: Great Britain, France, Italy, Japan, Belgium, Bolivia, Brazil, Guatemala, Peru, Poland, Siam, Czechoslovakia and Uruguay.

Great Britain was the first great power of the five to take such action being followed in succession by France, Italy and Japan.

The United States alone of the big five has not ratified. As the list shows formal ratifications have been given by most of the smaller powers signatory to the treaty.

China did not sign because of her objections to the Shantung provisions, but proclaimed a state of peace with Germany.

The coming into force of the treaty will not affect the United States, officials said. While technically the state of war between the United States and Germany still exists, trade between the countries was resumed some months ago and is steadily increasing.

### VICTOR BERGER RE-NOMINATED

(By Associated Press.)

Milwaukee, January 10.—The socialist committee of the Fifth Wisconsin congressional district within a half hour after receiving the news that Victor Berger had been excluded the second time, renominated him and declared he would be the candidate of the party at a special election to be demanded.

### WEEK'S WEATHER

Washington, January 10. — (Associated Press.) — Weather predictions for next week are:

Ohio Valley: Fair, followed by rains or snows by the middle of the week; fair weather probable at the close of the week. Nearly normal temperatures.

### KOLCHAK NOW UNDER ARREST SAYS WIRELESS

Head of All-Russian Government is Taken

(By Associated Press.) London, January 10. — Admiral Kolchak, head of the All-Russian government in Siberia, has been arrested at Irkutsk by Colonel Poppeliev, according to a Moscow dispatch.

The Colonel ordered his prisoner to hand over control of all affairs.

### GEN. PERSHING DENIES CLAIMS

(By Associated Press.)

Washington, January 10. — General Pershing had no knowledge that an armistice had been signed until 6:00 a. m., November 11th, 1918, and all forward movements of American troops were stopped as soon thereafter as orders could be transmitted, the commander-in-chief of the American forces declared in a letter to Representative Fuller, made public today.

The letter was made public in answer to recent charges that there was an unnecessary loss of American lives on armistice day.

### SECRETARY GLASS ASKS \$150,000,000 TO AID MILLIONS WHO STARVE

### IRISH ATTACK POLICE STATION RIDDLE WINDOWS

Rifles and Pistols Used Freely And Bombs Hurlled by Mob

(By Associated Press.)

Dublin, January 10.—Police barracks six miles from Tuam, Galway County, were attacked Thursday evening by a large party of men. The attacking party, said to number about 100, besieged the barracks, firing repeated rifle volleys which riddled the doors and smashed all the windows. During the fight, bombs were thrown and one policeman was wounded. The occupants of the barracks returned the fire of the night assailants.

### WORLD LEAGUE IS SOON TO BE PUT INTO EFFECT

Paris, January 10.—The putting of the league of nations into being, which will be one of the immediate consequences of the exchange of ratifications of the treaty of Versailles, will occur in Paris at 10:30 o'clock Friday morning, January 16, the Supreme Council decided today.

Ambassador Wallace cabled this decision to President Wilson, so that the President might issue the formal notice of the meeting of the council of the league to be held on the date named.

The proceedings began without any ceremony.

Baron von Lersner was pale and grave and exchanged remarks in a serious tone with his colleague.

At the end of Premier Clemenceau's remarks the delegates arose and the Germans led the way out without either saluting or exchanging words with any other delegates.

The absence of the American representatives was particularly remarked.

Up to the last hour American Ambassador Wallace was in doubt as to whether he would receive instructions to attend the ceremony. Finally hearing nothing from Washington he returned the invitations sent him. It became known that in the secret session immediately after the protocol was signed, Premier Clemenceau shook hands with the German delegates.

### STUDENTS WILL TAKE A VOTE

(By Associated Press.)

Cleveland, O., January 10. — Statements of their views on the treaty of peace and the league of nations have been contributed by Senators Lodge and Hitchcock, to be placed before the students and faculties of 700 colleges and universities, who will express their opinions in a referendum vote to be taken next Tuesday. Two thousand members of Western Reserve University will vote.

Tells Congress The Situation is Desperate and Affects Millions.

Babies Freeze to Death in Their Mother's Arms, Say Red Cross Workers.

(By Associated Press.)

Washington, January 10.—Authority to advance \$150,000,000 for food relief in Austria, Poland and Armenia was asked of Congress today by Secretary Glass.

Mr. Glass said this amount would relieve the situation until next fall.

Assistance of the United States "is imperatively required," he said, "to alleviate a desperate situation affecting millions of people."

Under the plan proposed by the Secretary the loans would be made out of the one billion dollar wheat guarantee fund and would be used in establishing credits in this country not only for Austria, Poland and Armenia, but for other suffering countries.

(By Associated Press.)

Reval, January 10. — Thousands were frozen to death in a blizzard which swept across Estonia on New Year's Day. Reports received here state that 300 bodies of refugees were found in a forest between here and Narva, and American Red Cross workers say many babies were frozen to death at their mothers' breasts.

Many fugitives from the collapsed army led by General Yudenitch in his recent offensive against Petrograd have perished.

### CHORUS GIRL NOW STAGE PRODUCER

Miss Bonstelle.

Miss Bonstelle is just another instance of how women are filling with success positions hitherto regarded as being for men only. Miss Bonstelle is the stage producer of "Little Women," which is now running at the New Theater in London. She started her career as a chorus girl, but found producing far more to her liking.

## WASHINGTON HI WINS THE GAME FROM VISITORS

Washington High School opened the basketball season Friday evening on the local floor by defeating a team that had met defeat but once this season, although the team had been playing since before Thanksgiving, and in the game previous to Friday evening had been victorious over Chillicothe. Greenfield went down before the attack of the Blue and White by a score of 22 to 11.

It was by no means a walkaway for the local lads. The score must not be taken that Washington has twice as good a team as Greenfield but by a burst of speed in the last quarter that had their opponents dazzled to the extent that they were not able to score a single point in the last session, the best team won out and again the McClain team was denied the glory of registering a defeat over Washington High.

Greenfield can lay claim to the fact that they have the best squad the school has put on the floor in years. But the playing of Washington High, under the tacit and keen judgment of Charles Moorehead, was a sensation and local enthusiasts were swept off their feet by the passwork and style of play of the team coached by the new mentor.

At the end of the game many crowded to the dressing rooms to congratulate the coach and each individual player.

There was a noted contrast between the teams. Greenfield showed the finished work of a team that has been on the floor for sometime. Washington's playing showed that the team-work is yet in its development and that the strength of the squad is not yet reached. The team that will be on the floor by midseason was evident for a few minutes in the last quarter when Greenfield was held scoreless and Washington counted ten.

## IN MERCANTILE BUSINESS FOR OVER 75 YEARS

Mr. Eli Craig, who has been actively engaged in the mercantile business longer than any other man in the United States, Saturday celebrated his 75th birthday anniversary.

Mr. Craig appeared at the store as usual to find every employee wearing a pink carnation in honor of his natal day. He was greeted on all sides by scores of friends during the day, and was made very happy by the hearty congratulations of all.

Seventy-five years ago Mr. Craig quit school and went behind the counter of his father's general store, and today, with his 75 years of active service resting lightly upon his shoulders, Mr. Craig is active as a man of 70 years.

He holds the distinction of being the oldest active retail dry goods merchant in the United States.

Mr. Craig, regardless of his years, throughout nearly every business day devotes almost his entire time to business, taking keen delight in the accomplishment of his task.

FINDLAY—Rev. C. C. Lunan, for the last two years pastor of First United Presbyterian Church here presented his resignation to his congregation and will accept a call to a larger appointment at Piqua.

JACKSON—The production of coal in the Jackson County district is greatly hampered by deficient car supply, many of the mines reporting that they are receiving about 25 per cent of their requirements.

## "The Efficiency Car"

Running continuously for seven days, the motor never stopping for a moment an Overland 4 ran 3,296 miles (about the distance from New York to California). This car emerged from the trip with flying colors—with the stamp, "THE EFFICIENCY CAR."

This Overland 4 ran under all weather conditions, with no adjustments to any part of the car. During the run this Overland 4 averaged 26 4-5 miles to the gallon of gas.

After this grueling test of 3,296 miles continuous running, the car had no squeaks, the rear end was absolutely quiet, the clutch was in perfect condition.

Although the car was terribly abused it was working perfectly at the end of the run. The average speed was 25 and 27 miles per hour.

Do you know of another car anywhere near its price field that would attempt such a test? Do you know of any car costing twice as much as the Overland 4 that could equal the above record?

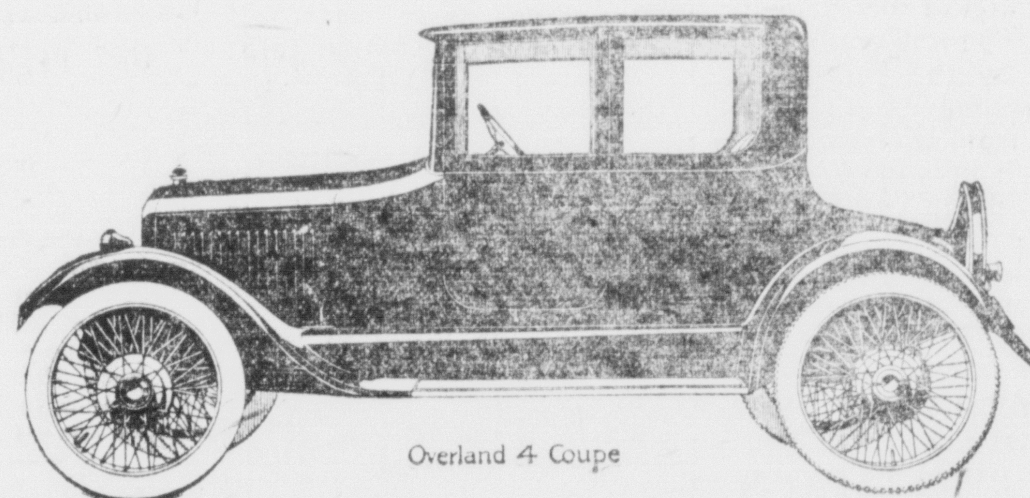

Come ride in the Overland 4 today. Note its easy-riding qualities; drive it and see how easily it handles in congested traffic.

## Some Hope Seen

The Jackson Day banquet of the democrats has brought ratification of the treaty nearer in the opinion of many able men.

Whether political leaders will it or not the terms of the peace and the fate of the treaty at the hand of America, conduct of both the President and the Senate with reference to ratification of the Versailles agreement, will be the paramount issue.

Vital as they are the other issues of national effect are now overshadowed by the big international problem. There is abundant opportunity to frame campaign issues on vital problems of interest only to America, growing out of the needs of the hour and it is likely that before the campaign is formally launched many such issues will be joined.

The peace treaty and its fate and the conduct of the Executive and the Senate, however, as affecting America's attitude in a newly arranged world are certain, unless final disposition is soon made of the treaty, to occupy the attention of the voters and determine the election.

The chasm between the Chief Executive and the Senate yawns wider and deeper since the "coming out" political gatherings. The party of President Wilson, if the Jackson Day banquet speeches are to be taken as a guide, gives evidence of being divided. Some of the staunch democratic leaders are inclined to accept the view voiced by Mr. Bryan that the republicans, having a majority of the Senate are entitled to dictate the policy of that body and that the democratic minority cannot afford to block the will of the majority on the opportunity afforded by the two-third vote requirement.

That means simply that the Senate majority has a right, under our constitution, to declare upon what terms the treaty shall be accepted and the majority must take the responsibility.

There is much to support that contention, too, as the minority, in blocking majority rule, seems to be assuming filibuster tactics, often unjustly destructive to the free expression of the majority.

The unpleasant fact is that the treaty remains unrattified by the United States while the world goes on rearranging its affairs under the changed conditions resulting from the world war.

It may seem profitable to politicians to shape the issue on the unfortunate deadlock existing. It may result in victory for one and defeat for another of the political parties, but the people are concerned only in final definite action.

The nation is not behind either President Wilson or Henry Cabot Lodge in their personal disagreement, and does not want a referendum on the treaty. The people of America want the treaty ratified with interpretations and reservations, which do not destroy the treaty, if necessary. They want the treaty approved—not a prolonging of the discussion and further delays.

## A Building Company?

The pressing need of the time in Washington, as in many other American cities, large and small, is more housing room. People haven't room to live. Homes to buy and homes to rent are practically unobtainable at any price.

There are some of the smaller cities reporting the ability to house more people than are numbered among the population, but they are the few exceptions.

The home problem in the cities is a grave one. Thousands of people, in American cities, are actually suffering for a place to live. Thus far, speaking generally, there has been no marked let-up in the demand for homes and no increase in construction such as promises to alleviate the suffering.

There has not been, either, any substantial plan adopted to construct more adequate housing facilities. In spite of the advice of government statisticians, material men and contractors, individuals have been backward in beginning the work of house building.

Here in Washington there are in circulation some very strong rumors that business and financial men are contemplating the organization of a company to begin the work of house building.

A company organized for the purpose of erecting and selling and renting homes should be a profitable and safe venture for the share holders, reducing the necessary investment, of each individual, and at the same time supplying a public need.

The local men realize that the home problem confronting this city is of such tremendous proportions that individual effort cannot solve it. It will require a combination of capital and effort to complete the work to meet the need.

So far there are only rumors, but conditions and needs are so manifest that they, with the known progressive spirit of local business men, lend credence to reports.

## POETRY FOR TODAY

### THINKING

If you think you are beaten, you are;  
If you think you dare not, you don't  
If you'd like to win, but you think you can't  
It's almost a cinch you won't.  
If you think you'll lose you're lost,  
For out of the world we find  
Success begins with a fellow's will—  
It's all in the state of mind.  
If you think you are outclassed, you are;  
You've got to think high to rise,  
You've got to be sure of yourself before  
You can ever win a prize.  
Life's battles don't always go  
To the stronger or faster man,  
But sooner or later the man who wins,  
Is the one who thinks he can.

## The CHENEY

You Should Hear a Piano Record on The Cheney

The perfection of Cheney tones is easily demonstrated with a piano record. No more exacting test could be found.

Its fidelity to the very timbre of piano tone is unquestioned—you recognize the remarkable improvement over ordinary reproductions immediately. So also with vocal, instrumental and orchestral selections. And like a rare violin, Cheney Tones grow richer, mellower with time. "The Longer You Play It, The Sweeter It Grows."

In the Cheney "needle scratch," and "blast," are virtually eliminated.

The Cheney plays all records—places the rich repertoire of the world at your disposal.

Because Cheney inventions are protected by basic patents, the rare quality of Cheney Tones knows no imitation.

# RANDOM NOTES

## SOCIAL : PERSONAL MENTION : CLUBS

The Daughters of the American Revolution are planning to revive their custom of some years ago and celebrate George Washington's birthday with a dance at the K. of P. Castle.

The announcement is fraught with marked social interest especially to those who recall the brilliancy and beauty of former balls given by the Daughters on the twenty-second.

Since Washington's birthday this year comes on Sunday, the dance will be held on Friday night, the twentieth of February.

Good music will be a feature and committees are now being appointed to complete and have charge of the arrangements.

The proceeds of the dance will go for Polish and Armenian relief.

Mrs. Willard Story charmingly filled the role of hostess at delightful three table Bridge Friday afternoon.

A most tempting collation was served at the game's close. Mrs. Story was assisted in the hospitalities by Mrs. D.

L. Thompson, of Columbus who came down for the affair, and her young daughter, Mary Ann Story.

The regular monthly meeting of the C. W. B. M. of the Church of Christ was held at the home of Mrs. Robert Wilson on North street, Wednesday afternoon, Mrs. J. C. Michael assisting hostess.

The program on the "Healing of India" was under the direction of Mrs. Lon Mark. Mrs. J. C. Vlerhome conducted the opening exercises. A quartet composed of Mesdames Toops, Conwell, Jasper Blackmore and Clark Merston sang effectively a "India Sun Set Song." The three papers, "Healing of India" by Mrs. Harry Jacobs, "The Doctor's Fee," Mrs. Sarah Patton, and "Experiences in India," Mrs. Lettie Dewes offered valuable information on the afternoon's topic.

Questions and answers were in charge of Mrs. W. E. Robinson.

Dainty refreshments were served by the hostesses and a delightful social hour followed.

The Elmwood Ladies Aid Society met at the home of Mrs. Charles Runnels, Thursday afternoon, Mrs. Frank Morris and Mrs. Charles Hard assisting hostesses.

Mrs. Ola Bush, the President opened the meeting, and Mrs. Stella Plyley was in charge of the roll call, the women responding with scripture verses. After a short business ses-

sion, officers for the ensuing year were elected; Mrs. Carson Maddux, President; Miss Alice Perdue, Vice President; Mrs. Wilber Campbell, Secretary; Mrs. John Browning, Treasurer.

The society has just closed a splendid year's work, their charity work especially commendable and the chief purpose of the organization.

Tempting refreshments were served by the hostesses.

Mrs. John Sellman, in Yeoman street, was given a most pleasurable surprise dinner Friday noon in honor of her birthday.

Thirteen relatives and close friends brought baskets filled with appetizing viands for an elaborate dinner and a lovely basket of fruit as center piece for the table. Mrs. Sellman also received a number of gifts.

The affair was planned and well carried out by three nieces, Mrs. Jess Dailey, Mrs. Della Olinger, Mrs. Laura Bellinger.

Here is the message to Ohio club women on thrift for the week of January 17 to 24 by Mrs. W. H. Sharp, Columbus, president of the Ohio Federation of Women's Clubs:

During the period of the war the club women practiced thrift, had their war gardens, assisted in food conservation, sewed, knit and helped in many ways to produce as well as conserve both food and clothing as a matter of patriotism. We must realize that it is just as essential and as patriotic now to practice thrift as it was then. The great benefit to be derived from the coming campaign will be fully appreciated by the American people when they learn the result of the practice of thrift by each and every one of them has lowered the high cost of living which it will undoubtedly do. The universal practice of thrift is imperative until production can be increased and the ordinary law of supply can operate.

Therefore let us, as usual, do our full duty by practicing, preaching and teaching thrift.

Mr. and Mrs. Louis Weinman, San Francisco, guests of Mr. and Mrs. Palmer Winslow, were complimented last evening with a dinner given by Mr. and Mrs. Robert H. Schryver, 85 North Ohio Avenue.—Ohio State Journal.

Friends throughout the county will read with more than passing interest of the success which is meeting Miss Pauline Watson, a former resident of Jeffersonville, in the music world. An article regarding her formal debut in New York City is culled from the Springfield Sun:

Miss Pauline Watson, Springfield's gifted girl violinist, will make her formal debut in New York City, in a concert to be given by the New York Philharmonic orchestra in the New Century hall, New York's newest and most beautiful auditorium, and will be on the most elaborate scale. Miss Watson will be heard in two violin concertos, the Brahms and the Tchaikowsky, two of the greatest works ever written for the violin. These two concertos, and a closing number by the orchestra, will occupy the entire evening. The accompaniments to the concerto will be played by a symphony orchestra of 70 men from the ranks of the New York Philharmonic orchestra, one of the greatest orchestras in the United States.

"Pauline Watson lived most of her life in Springfield, and is a graduate of the Springfield high school. Her musical genius was always recognized in the city, where she was a favorite with thousands of concert goers. Miss Watson studied the violin with Robert Brain, of this city, for 10 years, from the time she was a little girl until she was able to cope with the difficulties of the greatest concertos. The musical public looked forward to her appearance each year at Mr. Brain's summer recitals. Each year she played a different concerto, among the number being the Paganini, the Mozart E flat, the Bruch in G minor, the Mendelssohn, the Bee-thoven and many others. These concertos, notwithstanding the fact that they last from 30 to 40 minutes, were always played from memory.

"About three years ago Miss Watson removed to Boston to enjoy the musical advantages of a large city. While in Boston she continued her violin studies with Anton Wittek, concertmeister of the Boston Symphony orchestra, who is a violinist and teacher of great note.

"Boston critics, who have heard Miss Watson, predict that she will soon take her place as one of the leading concert violinists of the day.

"Mrs. J. W. Watson, of this city, and her son, Marilyn, will make a special trip to New York to attend the

concert, and a party of Miss Watson's Boston friends will also be present."

Dr. W. E. Ireland leaves Monday for California, where he expects to remain until the first of April visiting Dr. and Mrs. Michael S. Creamer in Los Angeles and enjoying the tourist features of the Golden State. Enroute he will send a couple of days with a niece, Mrs. Charles Peters, in Dayton and visit his daughters, Mrs. Roy Dove and Mrs. Douglas Shoaff in Shelbyville, Ill., for a week or ten days.

Mr. and Mrs. V. J. Hoppess and Mrs. Jessie Rosboom, were guests of Mr. and Mrs. H. V. Hankins near Milledgeville, Friday.

Mr. and Mrs. Curtis Ortman and little daughter, and Miss Louise Weyer left Thursday for Los Angeles, Cal., to spend the remainder of the winter.

Mr. Elmer Noble and daughter, Mary, returned Saturday morning from Detroit, Mich., where they were called Monday by the death of Mr. Fred Strain, a brother-in-law.

Miss Florence Conner, who spent the holidays at the Conner home near Jeffersonville, remaining over for the wedding of her brother Mr. Fred Conner, left Saturday night for Chicago to resume her school duties.

Mr. George Weaver of Franklin, O., salesman for the White Valentine Broom Co., has been the guest of Mr. and Mrs. Jess Gault, while in this city on business.

Mr. and Mrs. Robert Thompson are announcing the birth of a daughter at their home on Oak street, Friday night.

Mrs. D. L. Thompson and children Virginia and Andrew, of Columbus are week end guests of Mrs. A. R. Creamer and Mrs. Alice Moorman.

### CHAS. MERRIWEATHER DIES IN MONTANA

John Merriweather, of this city, has received a telegram from Stevensville, Montana, apprising him of the death of his brother, Charles Merriweather, former farmer of Paint township, but for the past five years a fruit grower of Montana.

Mr. Merriweather was 58 years of age, and leaves a wife and daughter, Dr. Ethel Merriweather, of Stevensville, Montana. The deceased also leaves, besides his brother in this city, one sister, Mrs. Eva Engle, of Washington state. His father, Nicholas Merriweather, of Middletown O., also survives.

The body has been shipped and will be interred at Springfield, Ohio, his former home, probably Wednesday of this week.

### BARGER ASSESSED TEMPORARY ALIMONY

Judge Frank M. Allen in Probate Court Friday fixed at \$250 temporary alimony Taylor Barger is to pay to Francis Barger while action for divorce action filed by the latter is pending.

In announcing his decision Judge Allen stated that it appeared that attorneys for the plaintiff expected to take depositions in Los Angeles and other western points in connection with charges, that Barger was in company with another woman in the west a few years ago, and that the amount of temporary alimony would be necessary.

Attorneys M. M. Rankin and H. H. Sanderson and Post and Reid the defendant.

### INSPECTORS SEE PATTERSON HORSES

Government horse buyers made an inspection of 65 horses at the fair ground Saturday afternoon. The animals were purchased by Joe Patterson widely known horseman.

The horsemen were to be entertained at a six o'clock dinner Saturday evening at the Cherry Hotel as the guests of Mr. Patterson.

### FEED THE BIRDS

Feed the birds. This is the slogan that is being passed on by kindly hearted persons who realize that at this time, with snow covering the ground and shutting off the usual source of food, it is necessary to help the birds by scattering crumbs, corn meal or other food for the feathered tribe.

Feed the birds.

## LARGE AUDIENCE MUCH PLEASED WITH OPIE READ

With his quiet philosophy, quaint wit and forceful logic, Opie Read, authorist, journalist and entertainer, appearing before a large audience at Grace Church Friday night as the third number of the Washington Lyceum course, pleased old and young alike with his necessarily rambling discourse on "Human Nature and Politics," the material for which came largely from his own varied experiences while engaged in newspaper work in various parts of the United States.

Beginning his address Mr. Read admitted that "what I don't know about politics would elect a justice of the peace to the presidency," but during his remarks it was evident that he had had unusually opportunity for seeing the inside of politics, and was not pleased with what he had seen.

His experiences while associated with Henry Watterson in Kentucky, and while reporting the yellow fever scourge in Memphis back in the early seventies, as well as experiences in a tornado in the west, and coming in close contact with all phases of humanity in New York, Chicago and other centers, proved very interesting, and at the conclusion of his address he was roundly applauded.

Mr. Read now resides in Chicago and until recently was president of the Press Club of Chicago.

He is engaged in writing a book to be brought out in the near future, and to be known as "The Campbellite." He stated that he had obtained certain material for the book while in this city.

## THREE INJURED IN AUTO SMASH

William Byers, received a broken collar bone, and his left ear was injured, George Holstein received bruises about the head and L. A. Judy suffered a cut on the head when he wagon in which they were riding was struck by an automobile driven by William Gowdy, and which his mother, Mrs. R. L. Gowdy was a passenger at Main and King streets at 6 o'clock Wednesday evening.

Byers, who was carried into the office of Dr. W. H. Galloway unconscious, was the most seriously injured the other two men not requiring medical attention. The wagon was driving south on King street and the automobile was going west on Main when the accident happened. The wagon was struck in the middle and shattered, the men being thrown out, the injury to Byers being sustained when he was thrown violently to the paved street.

Mrs. Gowdy, who was a passenger in the automobile, was involved in an automobile accident at the same corner some time ago.—Nenia Gazette.

## FAITHFUL OLD DOG DIES ON SATURDAY

"Jed," aged 15, perhaps the best known and most generally beloved dog in town, Saturday passed on to the happy hunting grounds, wherever that may be, for good and faithful dogs.

Every body in town knew "Jed". He was the faithful servant of mine host, C. H. Griffiths of the Cherry Hotel. There he waxed fat, lazy and good natured. Not the least of his accomplishments was the carrying of the money bags to the safe each night after Charley Rinehart had counted the cash in the cafeteria cash drawer. Traveling men, drummers, and people of leisure, hundreds knew "Jed".

A law abiding citizen passed away when old "Jed" died Saturday morning.

## COASTING RACES AT WATER WORKS

Saturday morning the boys of the Junior classes at the Y. M. C. A. held held coasting races on the hill below the standpipe at the water works on North street. Twenty-seven entries had been made.

Richard Jacobs won the long distance race and Jacobs and French the doubles.

Glenn Boets, the boy's secretary, had charge of the event.

LONDON—Benjamin Emery, aged 81, ex-county treasurer and sheriff and civil war veteran, died following a short illness.

Our increased organization enables us to offer you increased service, and makes it possible for us to improve on our already efficient service to patrons.

Each man in our organization is a specialist, experienced and trained. And every piece of work, no matter how trivial it may seem, is done only after being personally supervised by one of these men. Your satisfaction is our assurance of continued patronage.

No doubt you know, personally, at least one of the men in our organization, but if you do not it will not be hard to find someone who does, and better yet—let us refer you to a long list of satisfied patrons.

Drive your car to our shop when it needs attention, no matter how big or how little the job may be, and you will get a square deal, satisfying treatment and your car will receive the kind of care you like to pay for.

## FAVETTE FARM BUREAU MAKES PLANS FOR 1920

The Executive Committee of the Fayette County Farm Bureau, with a number of other farmers who wish the organization placed on a ten dollar membership basis, met at the Court House Friday morning and afternoon to make plans for the 1920 membership campaign.

Mr. Harry Deale, of Mt. Sterling member of the State Executive Committee was present and explained the work of the State and National federations, pointing out the need for larger funds if these organizations were to represent agricultural interests in a satisfactory manner. The conservative manner in which Mr. Deale presented the matter and answered the numerous questions which were asked made a very strong impression upon those who heard him.

At the conclusion of the meeting Dr. Cary Persinger, M. L. Dickey and Hays Dill were appointed a committee to prepare amendments to the constitution, providing for larger annual dues, to be presented to the farm bureau for consideration at early meeting. The campaign for membership for the new year was put in the hands of the following committee: J. M. Willis, Hays Dill, W. O. Beatty, Ed. Gerhardt and Charles Allen with President C. C. McCoy and Secy., L. H. Goddard as ex-officio members.

## SLEET AND SNOW CAUSE DAMAGE

Telephone lines in this county suffered heavily from the sleet and snow storm of Thursday afternoon and night. Both the Ohio State and Bell systems were handicapped the greater part of Friday by numbers of wires down and poles broken off. Limbs of trees broken by the weight of heavy coating of ice, fell across the wires in some instances and grounded the current.

Because of the condition of the roads the repair of the lines in the rural districts was an unusually hard task.

The Good Hope and Jamestown pikes were the districts that suffered most heavily. Many phones in the county were out of order.

Fruit and shade trees were badly damaged by ice.

The rain and snow fall for the 42 hours ending Friday noon reached 2.35 inches.

## RAILROAD CLERKS TO HOLD BANQUET

Railroad clerks in this part of the state will assemble in their club rooms over the Haynes Furniture store, Saturday evening for a six o'clock dinner and open house.

Some two scores of the clerks from this city and adjoining cities will participate in the affair. The railroad clerks recently organized in this territory with headquarters in this city.

## THE FIRST SLEIGH

For the first time this winter sleigh bells were heard Friday morning when the first sleigh made its appearance on the streets. The heavy blanket of snow, packed by rain and sleet, made good running for the lone-some sleigh.

This is the last discount day for gas and electric light bills.

## IN 1920

Patrons of this Laundry will find that we have progressed with the times. We will strive, as in the past, to give the very best possible service. We hope to merit your continued patronage, and if high class work, prompt service and courteous treatment mean anything we feel assured that we will receive it.

## HOW THEY OPEN ROADS IN CLINTON

Long suffering residents along the Seneca pike in Clinton county, are happy once more, and all because the road has been opened to traffic after being closed so long the residents were beginning to feel that it was no road at all.

The opening of the road came about when 32 indignant citizens along the thoroughfare camped with Clinton County Surveyor Callett until he had the barriers removed within three hours after the determined delegation appeared.

It seems that, like some of the road jobs which formerly were under way in this county, the contractors had made such slow headway that the road to be improved was blocked for an unreasonable length of time, and the citizens took matters into their own hands.

## "WILFULLY ABSENT" SUED FOR DIVORCE

In Probate Court Mattie Robinson has filed petition for divorce from Harry Robinson. The defendant, who is an inmate of the Ohio Penitentiary having been convicted of robbery in the Common Pleas Court of Franklin county and sentenced for an indeterminate number of years, is charged with being "wilfully absent".

The principals, both colored, were married March 16, 1912. They have no children.

Maddox and Maddox represent the plaintiff.

These golden brown biscuits—you know the kind—flaky, golden, feathery—and so piping hot that the butter melts deliciously into the crisp halves—I made with Every Day Milk.

You can make yours like these, too, if you have learned this new and better way of cooking with Every Day Milk. It is twice as rich as dairy milk and far cheaper than cream.

I found out that one bright tin of Every Day Milk had in it all the cream, all the butter-fat, all the nourishment, of over a quart of rich milk. Only most of the water had been taken out, making it richer and creamier—nothing had been added.

Your children will grow strong on it—all the family will want it in coffee—or on cereals—it is perfect for cooking—always handy—always fresh—always economical—always the same delicious cream-like flavor—"every day."

Be independent of the ice man and the milk man. Every day use Every Day—the safe and pure milk.
